

TLL Events Karaoke Machine

Setup Instructions

1. Undo the latches on the sides of the box, then lift the lid off the top and place on ground.
2. Lift the Karaoke Machine and place it on top of the lid (the corners slot onto each other).
3. Plug the power cable into a standard outlet socket. The Karaoke Machine and Screen will turn on (it takes a while)
4. Open out the Speaker Stand and then do the knobs up firmly, but don't over tighten.
5. Sit the Speaker on the Stand.
6. Plug the power and audio plugs into the back of the speaker – you will have one plug left over.
7. At the other end of the cable plug the power and audio into the front of the Karaoke box.
8. Press play on the Karaoke Machine to enter the HDD mode.

Operating Instructions

1. Plug in the microphone cables into to the microphones and then into the inputs on the front of the karaoke machine.
2. Use the volume dial to adjust the volume of the microphone.
3. Type in the number of the song (i.e.468) and then press play.
4. Your song will play and you will be able to sing along.
